The screenshot of the Control System software interface on a Macbook Air shows a dashboard titled "Детален извештај за 2025-06-02". The interface includes a navigation bar with links such as "Извештај", "Извештаи", "Кројница", "Контролент", "Шивара", "Контрола", "Паковно", "Везача", "Поправки", "Технички", and "Коронци". Below the navigation, there are several sections with data tables:

- Кројница:** Shows data for workers (Daniela Valentina, Goran Ciro) and teams (Bukupno: 446).
- Шивара:** Shows data for workers (Olga) and teams (Bukupno: 100).
- Контрола:** Shows data for workers (voleva, zorka) and teams (Bukupno: 60). It also includes sections for "Одобрени" (Approved) and "Вратени Пасла" (Returned Passes).
- Паковно:** Shows data for workers (Nema podatoci za ovaj datum).
- Везачка:** Shows data for workers (Nema podatoci za ovaj datum).
- Доработка од друга конфекција:** Shows data for workers (Nema podatoci za ovaj datum).

At the bottom right of the interface, there are buttons for "Назад" (Back) and "Затвори" (Close). The overall theme of the software is dark with orange and white highlights.

# Productivity Performance Charts

With visual charts, you can easily track the progress and productivity of your teams across different periods. The data is clearly displayed, helping you identify trends, analyze results, and make better strategic decisions for the future growth of your production.

The screenshot shows a software application window titled "Администраторски Преглед" (Administrator Overview). The top navigation bar includes links for "Кореспондент", "Извештаи", "Кројница", "Кореспондент", "Шивара", "Контрола", "Паковно", "Везење", "Поправки", "Техничари", and "Корисници". Below the navigation is a breadcrumb trail: "Модели / Завршени Модели". A "Додади Модел" (Add Model) button is visible. The main content area displays a table of completed orders with the following columns: Налог (Order), Модел (Model), Материјал (Material), Боја (Color), Скроени (Hidden), Сошиени (Sealed), Контролирани (Controlled), Спакувани (Packed), and Датум креирање (Creation Date). The table contains 8 rows of data, each representing a completed order with specific details like model number (e.g., 120296, 611078, 611103, 2610, 2610, 2610, 2610, 2610), color (e.g., 221/1052 01 8441, 399, 979, 170, 440, 640, 720, 170), and creation date (e.g., 2025-05-29, 2025-05-26, 2025-05-20, 2025-05-28, 2025-05-28, 2025-05-28, 2025-05-28, 2025-05-28).

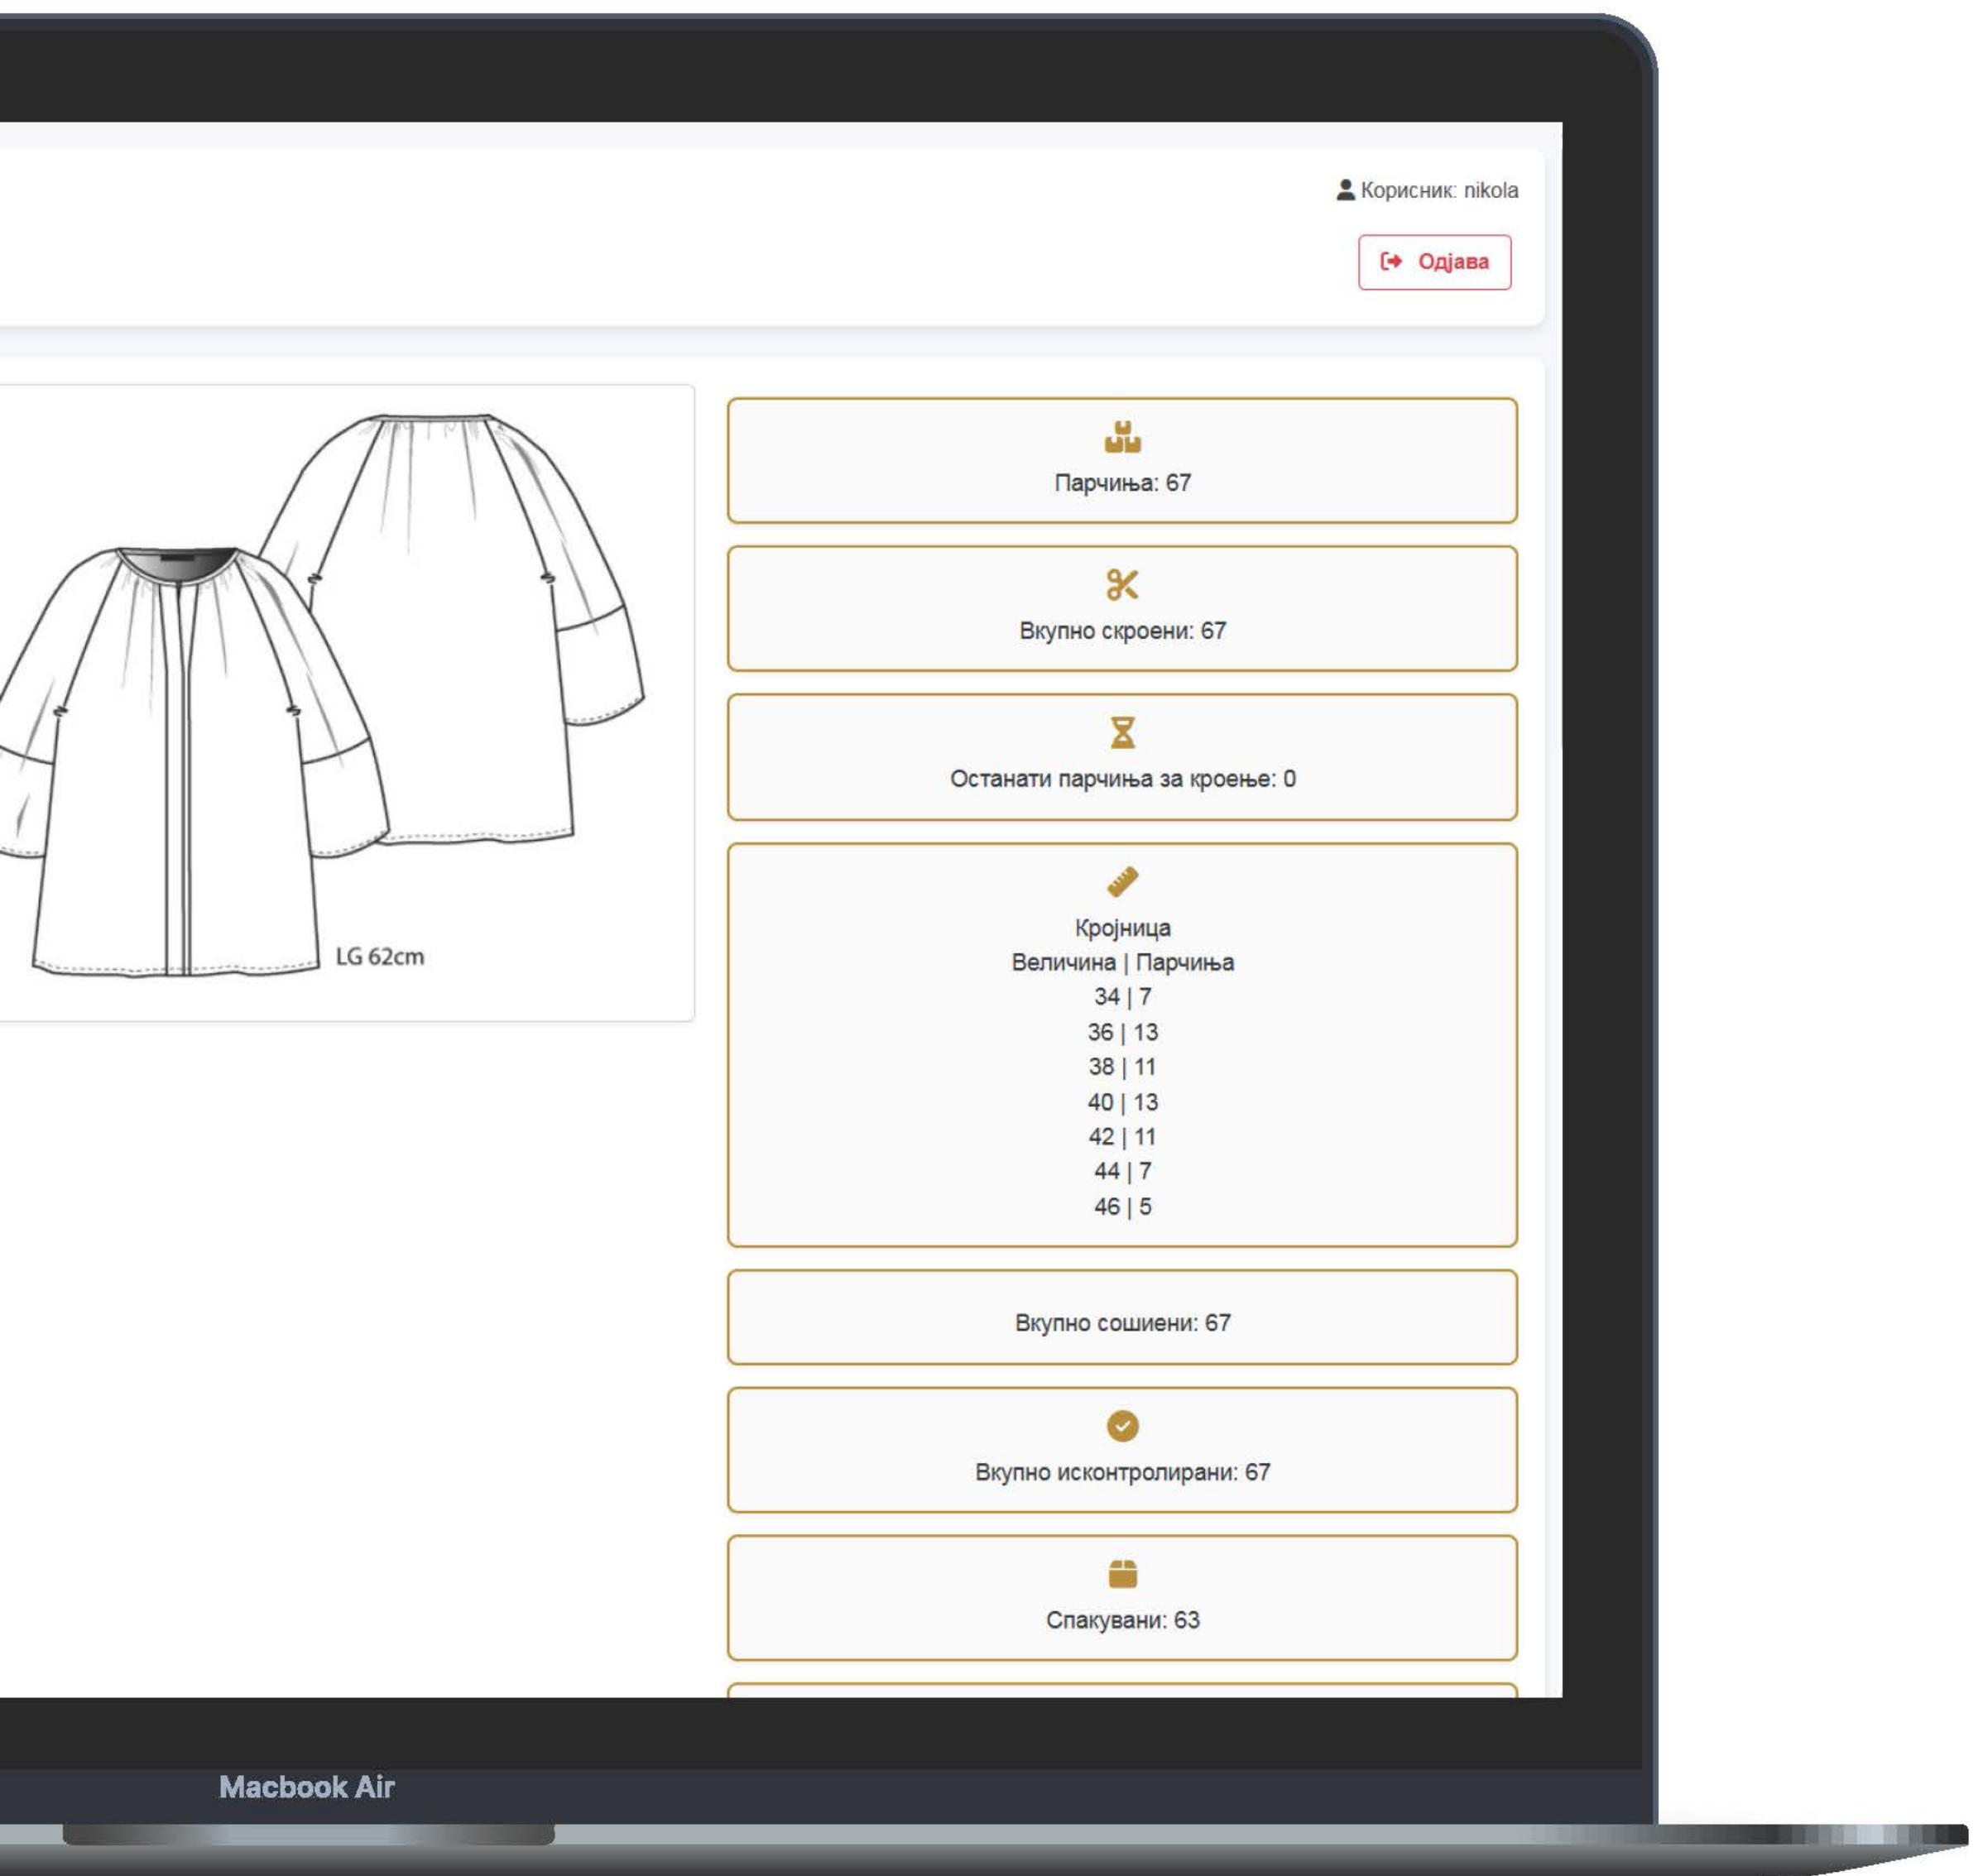

# Full Overview and Order Tracking

With the detailed display of information for each order, you gain precise insight into all technical details — model, material, number of parts, color, and special notes. Every team member can easily add comments, make adjustments, or generate delivery notes, ensuring smooth process flow and better coordination across production.

Macbook Air

# Entering a New Model

Easily and quickly enter new models with all required information — from material and color to the number of parts, images, and specific client details. The system enables efficient recording and editing, speeding up the process of creating and tracking orders.

Contact us at [info@consys.mk](mailto:info@consys.mk)

# Technical Review and Order Tracking

Technicians receive detailed information for each order, with a clear display of statuses, positions, and progress on completed tasks.

The system enables quick checks, problem identification, and timely action, improving the quality and efficiency of the production process.

A screenshot of a MacBook Air displaying the Control System software. The interface includes a header with the 'CONTROL SYSTEM' logo and a search bar. Below the header are two main sections: 'Информации за налог' (Information for tax) and 'Записи' (Records). The 'Информации за налог' section contains a list of items with icons: Налог: [redacted], Модел: [redacted], Материјал: 120139, Работен налог: 520, Број на делови: 10, Фарба: 8230/1 CRNA, and Странска фирма: [redacted]. A 'Назад' (Back) button is at the bottom. The 'Записи' section shows a table with columns: Вработен (Employee), Статус (Status), Локација (Location), and several 'Види локација' (View location) buttons. The table rows have colored status indicators: green, red, green, green, and red. The bottom right corner of the screen shows the 'Macbook Air' logo.

# Mobile Technical Review and Assessment

With the mobile version, technicians have direct access to order information wherever they are. Quickly and easily, they can check good and faulty pieces, with clear records of the number of inspected items. This enables faster reaction times and quality control — directly from the field.
